

Tooth Fairy Pillow

Materials:

- √ two pieces of white felt
- √ one piece of black felt
- √ one piece of felt in another color (this will be for the pocket)
- √ two wiggly eyes
- √ small piece of Velcro
- √ hot glue gun
- √ pillow stuffing or cotton balls
- √ scissors
- √ scotch tape
- √ printer and paper

Directions:

1. Print out the templates
2. Cut out the template pieces
3. Scotch tape the tooth template to one of the pieces of white felt.
4. Cut the tooth shape from the felt
5. Repeat with the second piece of felt.
6. Scotch tape the hands to the leftover white felt and cut out
7. Scotch tape the mouth to the black felt and cut out the shapes
8. Scotch tape the pocket to the other color of felt and cut out
9. Put a line of glue on the sides of the pocket and fold up
10. Glue the piece of velcro onto the triangle and where the triangle meets the pocket so the pocket will hold shut when the tooth is inside.
11. Glue on the mouth, pocket, arms and eyes onto one of the tooth pieces
12. Put the two tooth pieces together and hot glue them. Leave a space at the top to add stuffing.
13. Stuff the tooth with pillow stuffing or cotton. Make sure to push it down into the bottom
14. Hot glue the opening of the tooth
